EDUCATION

University of Kansas, Lawrence, KS

Expected May 2028

B.S. Mechanical Engineering | Minor in Business

- GPA: 3.88/4.0 | KU Honors Program

EXPERIENCE

Siemens Digital Industries Software, St. Louis, MO

May 2026 – Present

Business Operations & Commercial Enablement Intern — Aerospace, Defense & Transportation

- Work directly under the VP of Strategy Execution & Operations on projects spanning sales operations, client engagement, and internal process improvement across the AD&T division
- Rebuilt the client handoff process after identifying gaps causing miscommunication between sales and delivery, created a structured handoff framework now used across the team
- Organized and led department-wide meetings that kept the team aligned on priorities and informed on emerging technology trends across the aerospace and defense software space
- Built client-facing materials that explain Siemens' software products in plain terms, helping the sales team tell a clearer story to aerospace and defense buyers

Champion Sportswear, Lawrence, KS

Aug 2025 – May 2026

Marketing Intern

- Researched consumer trends and purchase behavior to help shape Champion's product direction; presented findings to cross-functional teams including design, marketing, and brand management

CIC Group, St. Louis, MO

Jun – Jul 2025

Corporate Intern (Nooter Construction, Nooter Eriksen Engineers, and Wyatt)

- Rotated across three companies under the CIC Group umbrella, getting hands-on exposure to how each business operates, from construction management and field engineering to estimating and preconstruction
- Worked alongside estimators in Chicago and Philadelphia offices and spent time on active job sites with rigging engineers and drafters
- Observed how QA/QC standards were applied across three concurrent projects, seeing firsthand how operational consistency is maintained at scale

LEADERSHIP & ACTIVITIES

KU Consulting Scholars Program, Lawrence, KS

Jun 2026 – Present

Co-Founder & Associate

- Co-founded KU's first structured consulting prep program; built curriculum, recruited founding cohort, and established practitioner partnerships

Kirkendall Ideation Challenge, Lawrence, KS

Sep – Nov 2025

1st Place — Entrepreneurship Competition

- Led end-to-end development of AI-integrated K-12 education platform: ideation, prototyping, stakeholder interviews, and go-to-market strategy. Placed first in 2025 competition, returning as a peer mentor for 2026

KU Case Competition Club, Lawrence, KS

Oct 2024 – Present

VP of Consulting Relations

- Facilitate KU's consulting network by managing firm relationships through our on-campus competition and the Best in the Midwest National Case Competition, an invitational event planned, hosted, and funded by the club

KU National Case Competition Team

Oct 2024 – Present

- 1st Place — Best in the Midwest National Case Competition
- 1st Place — UMSL International Business Case Competition
- 3rd Place — Wisconsin Invitational Consulting Case Competition (co-sponsored by McKinsey, Accenture & Deloitte)

SELF Engineering Leadership Fellows, Lawrence, KS

Aug 2024 – Present

Cohort Co-Lead (Class of 2028)

- Led four community service engineering projects (\$1,500 budgets each); managed nonprofit outreach, project scoping, and team execution
